

Intiga will transform the way you live your life.

Do you feel like you're on the outside looking in when you'd rather be participating in conversations and your favorite activities? Intiga can help. Intiga is the super tiny, ultra sleek, high-performance wireless hearing device that's new from Oticon. Intiga's high-speed sound processing chip and wireless technology work in harmony with your brain to help you organize, select and follow the sounds and voices you want to hear. You can spend less time and effort trying to understand... and more time enjoying life. **Intiga puts you where you want to be: in the middle of life and living.**

Hear what you've been missing. Contact your Hearing Care Professional to try Intiga risk free today.

People First
People First is our promise to empower people to communicate freely, interact naturally and participate actively

Let Intiga take you from here

Bring your world closer with Intiga by Oticon.

to HEAR.

15500-1107/08.11

**Super tiny.
Ultra sleek.
High performance.**

Listen with quiet clarity.

Speech Guard technology works in harmony with your brain to recognize natural speech cues and keep competing noise from distracting you.

Put it on and forget about it.

Intiga's automatic functionality means you won't have to fiddle with switches to adjust it.

Tear down the wall of sound.

Intiga's new Spatial Sound technology makes it easier to separate conversation from background noise, sharpen your focus, and shift attention to other voices as you choose.

Hear more. Strain less.

With Intiga, you will have more energy to respond, communicate and take part in life the way you want to.

Live in the now.

Expand your listening possibilities with ConnectLine.™

Intiga is fully compatible with ConnectLine – a range of plug-and-play Bluetooth™ accessories that can turn your Intiga hearing devices into the world's smallest wireless headset. With ConnectLine, Intiga can wirelessly connect to your cell phone, landline phone, television or just about any device with an audio output to boost your enjoyment of hearing and listening.

With Intiga by Oticon.

Forget about what you know about hearing devices up to now. Intiga is completely new. You'll be amazed at how smart, how helpful and how transforming better hearing can be. Intiga's fast, powerful processor works in harmony with your brain to bring your world closer. With Intiga, you will spend less time and effort straining to understand – and more time enjoying what's happening immediately around you.

And you don't have to worry about how it looks. Sleek, comfortable and small, Intiga comes in a variety of colors, including popular shades designed to match skin and hair tones, plus contemporary hues. Practically invisible, Intiga tucks in just behind your ear.

The journey of life starts now. Don't take another step without knowing how much more rich and rewarding it can be.
